

Evolution XPC OFC professional Starquad

Product overview

| | |
|----------------------------|---|
| Part number | 301-055 |
| Product description | Evolution XPC OFC professional Starquad |

Cable construction

| | |
|-------------------|--|
| Conductor | Pure OFC Copper Stranding 4 x 40x0.1 0 mm |
| Insulation | Material: XLPE |
| Shield | Material: OFC copper Braiding Coverage 96% |
| Jacket | Material: Flexible Matt Black Abrasion Resistant PVC Diameter: 6.2 mm Colour: Matt Black |
| Marking | Evolution XPC OFC Professional Starquad 301-055 |

Specifications subject to change without notice. Please contact Direct Cable Systems to verify information.

Electrical characteristics at 20°C

Capacitance (pF/m) 90 pF/m core to core

Operating temp: -20°C to +70°C
